Dear Parent

We understand that communication is fundamental to effective partnership with parents and the success of learners. We believe in creating a school environment that will improve the performance of learners as well as the involvement of parents. Therefore, we have invested in an integrated Principal+ system offered by d6 education that will enable us to improve the management of our school, be more environmentally friendly and improve communication with you, our valued parent.

We are pleased to introduce you to the Principal Talk application, that will allow us to communicate all school and learner information to you. Learners often neglect to inform parents of school notices, important dates, homework, marks, discipline status and school payments. This application - which is free for parents to download from the Google Play Store, iTunes Store and on the d6 education website - will send the information right to your phone. There is push notifications too - so you are alerted to anything new immediately.

Geagte Ouer

Ons verstaan dat kommunikasie fundamentele waarde het vir effektiewe vennootskap met ouers en die sukses van leerders. Ons glo dit is belangrik om 'n skoolomgewing te skep wat die prestasie van leerders asook die betrokkenheid van ouers verbeter. Daarom het ons in die geïntegreerde Principal+ stelsel van d6 education belê. Hierdie stelsel stel ons in staat om die bestuur van ons skool en kommunikasie met ouers te verbeter asook om meer omgewingsvriendelik te wees.

Ons stel graag aan u bekend, die Principal Talk toepassing, wat ons in staat stel om alle skool- en leerderinligting aan u te kommunikeer. Leerders versuim dikwels om ouers in kennis te stel van skoolkennisgewings, belangrike datums, huiswerk, punte, dissiplinêre status en skoolbetalings. Letter from the Head of Education

Mrs MOC Mhlabane

Outbreak of Listeriosis Virus in South Africa

1. Listeriosis is a food borne virus that has claimed one hundred and nineteen (119) lives in South Africa thus far.
2. Listeriosis infection can be avoided by washing all meat, fruit and vegetables.
3. The symptoms of the virus are much like food poisoning but are fatal. Therefore if a learner shows signs of fever, vomiting and diarrhea, they must be taken to experienced doctors or hospital.
4. In order to prevent the spread of this dangerous virus, schools are urged to sensitize learners on the dangers of buying snacks from street vendors as well as against eating food offered by friends.
5. Learners (including the entire school communities) are urged to wash vegetables and fruit before they are consumed.
6. Schools should also ensure that there are facilities for proper washing of hands before learners consume meals prepared within the ambit of the National School Nutrition Programme (NSNP).
7. All officials of the Department are urged to support healthy living styles.

**PUPILS' EXCHANGE PROGRAMME BETWEEN
GERMANY AND SOUTH AFRICA
2018**

June 2018 – July 2018 (4 weeks)

August 2018 (4 weeks)

October 2018 – January 2019 (3 months)

December 2018 – January 2019 (6 and 4 weeks)

THE HEADMASTER / THE HEADMISTRESS

THE TEACHER (-S) RESPONSIBLE FOR ENGLISH / AFRIKAANS / GERMAN

The FSA Youth Exchange, once again, invites learners from your school to apply to take part in the FSA pupils' exchange programme between South Africa and Germany.

German as a school subject is not compulsory to take part in our 4 week programmes.

German as a school subject is compulsory to take part in the 3 month and 6 week programmes.

The FSA Youth Exchange (FSA = Freundeskreis für Südafrika / Friends of South Africa) is a non-governmental, nonpolitical and non-denominational pupils' exchange organisation, registered in South Africa, registration number: (1997 / 06295 / 23).

2017 top schools in the FSA programme

Hoërskool Menlopark, Pretoria - 10 participants

C & N Hoër Meisieskool Oranje, Bloemfontein - 8 participants

Afrikaanse Hoër Meisieskool, Pretoria – 7 participants

Bethlehem Voortrekker Hoërskool, Bethlehem – 7 participants

Eunice High School, Bloemfontein – 7 participants

To date an impressive number of 4 574 learners took part in our exchange programme.

1. THE PURPOSE OF THE VISIT

1.1 Exposure to the way of living and reasoning of a different culture

The stay at an **ordinary** German family enables the participant to broaden his / her views, knowledge and opinions on various cultural backgrounds.

1.2 Young Ambassadors for South Africa

Participants experience the different educational systems first hand and have the opportunity to educate German learners by representing South Africa and sharing our cultural and national history in the form of a presentation whilst attending the German schools.

1.3 Personal growth and development of each participant

The impact the stay abroad has on the intellectual and personal development of our pupils is noteworthy. The feedback and achievements of ex-participants are testimonial to this effect.

2. DETAILS ABOUT THE PROGRAMME

2.1 Selected South African participants stay for 1 month with a German host family (4 week programmes). Participants in the 6 week and 3 month programmes stay for 6 weeks and 3 months respectively with a German host family. They are considered a member of the family and not a guest or a tourist. This includes sharing the normal household duties and German cuisine.

2.2 Although the participants in the 4 and 6 week programmes do not formally participate in tuition, school attendance is compulsory on the days schools are open. The participant will be expected to attend a local German school to experience the difference in educational systems. Participants in the 3 month programme formally take part in tuition.

2.3 We expect the German families to continue with their normal way of living while the guest is there.

2.4 Private visits are allowed only during the last 4 days, 3 nights of stay in Germany.

2.5 Depending on interest, we will offer a tour to Switzerland and/or France at the end of the programmes. Seats are limited and successful participants will be invited to apply for the tour.

Unfortunately, this does not apply for the August programme.

3. CONDITIONS FOR PARTICIPATION

3.1 **The FSA is a cultural exchange programme and not a travel agency.** The participant will be staying with an ordinary German family. We do not offer a tour to Europe. The participant is not allowed to use the family as free accommodation to enable him/her to do private trips. The programme is aimed at the youth and parents are not allowed to stay with the host families.

3.2 South African citizens aged 15 to 19 years, registered at a school in South Africa, may apply.

3.3 Application does not automatically mean participation. Candidates have to complete our selection process. Details about the selection process will be made available later. The results are final and no correspondence will be entered into.

3.4 It is impossible for a normal working family to entertain the guest 24 hours per day. A certain degree of independence and self-confidence is vital, especially if the family has younger children only. The applicant must be prepared to stay either in a city or in the countryside and with a family with or without children.

3.5 A shy person will find it hard to adapt to the German way of living. There will be trying times. The ideal candidate should be able to handle these situations without withdrawing himself/herself.

- 3.6 The selected participant must be well informed about South Africa and Germany. Good communication skills should be portrayed by the applicant.
- 3.7 The participant must be fluent in English. German as a school subject is not compulsory for the 4 week programmes. **It is however compulsory for the 3 month and 6 week programmes.**
- 3.8 The selected participant will act as a 'Young Ambassador' for South Africa. The relevant headmaster / mistress therefore needs to approve the participation of each applicant. We will send the list of names to the school for approval.
- 3.9 An email address is compulsory for all candidates as all communication is by email.
- 3.10 In Germany pets receive five star treatment. Participants need to accept and live with the pets.
- 3.11 The selected candidate must adapt to the German cuisine. **No special meals will be provided.**
- 3.12 Although it is expected of participants to have an own view about various subjects, no racism or sexism will be tolerated.

3.13 An exchange programme is a reciprocal agreement.

4 week programmes: participants need to host a German FSA-participant within 18 months of own participation for the same period of time, or provide a suitable host family. A surcharge of R3 000.00 will be levied if you are not available to host a German guest.

3 month and 6 week programmes: it is compulsory to host a German student for 3 months / 6 weeks respectively before taking part in the programme.

Grade 11 and 12 participants: If it is impossible for you to host before own participation, the surcharge of R3 000,00 will be levied automatically.

4. DATES
